Visiting Vancouver

Vancouver is the largest city in the province of British Columbia and third largest city in Canada. It is surrounded by the Pacific Ocean and it is nestled alongside the Coast Mountain Range. You can enjoy the spectacular natural scenery and a bustling metropolitan core in one of Canada's mildest climates.

MULTICULTURAL MOSAIC
 The city of Vancouver is home to a mix of many multi-cultural groups. Vancouver is filled with cultural diversity of a variety of flavours its restaurants and lounges have to offer. Learn the history of Vancouver walking through the streets of China Town and Gastown.

SHOP TILL YOU DROP
 Shop along Vancouver's famous Robson Street located in the heart of downtown and if you prefer an indoor mall Pacific Centre Mall is just off of Robson.

Outside of the city centre, Metropolis in central Burnaby is the ultimate one-stop shop and business destination.

THE GREAT OUTDOORS
 Just minutes away from downtown, Grouse Mountain provides the perfect outdoor adventure where you can gaze upon panoramic views of the city, mountains and the ocean. The Skyride, North America's largest aerial tramway system as you elevate up the mountain 3,700 feet above the city.

Walk across Capilano Suspension Bridge and Park in North Vancouver. It spans 450 feet across and 230 feet above the Capilano River connecting the trails of the lush West Coast rainforest. Experience the First Nations' culture with their colourful gardens, totem poles and exhibits along the trails.

Whether it's indoor or outdoor activities, there's something for everyone in Vancouver.

Poster Session

FRIDAY, FEBRUARY 23, 4:55 PM-6:30 PM

CALL FOR ABSTRACTS
 Submission of abstracts for poster or oral presentation of research on all aspects of tuberculosis control (including epidemiologic, clinical, basic science, nursing, social, behavioral, psychological and educational studies) are welcome. Abstracts may be approved for either Poster or Oral Presentation, unless otherwise specified. Oral presentations are scheduled at the end of each session.

TRAVEL GRANT AWARDS
 Travel Grant Awards to attend the Conference are available to individuals working in the field of TB Control when other funding is not available. We hope to encourage program staff, investigators, clinicians and trainees to foster new collaborations through contacts made at the Conference. Travel Grants are available regardless of whether the applicant submits an Abstract.

The deadline for submission of Abstracts and Travel Grant Applications is November 9, 2006.

 International Union Against Tuberculosis and Lung Disease North America Region

ELEVENTH ANNUAL CONFERENCE

Powering Up Political Will for TB Control

February 22-24, 2007
 Sheraton Vancouver Wall Centre Hotel
 Vancouver, British Columbia, CANADA

Dear Colleagues:

On behalf of the 2007 International Union Against Tuberculosis and Lung Disease-North American Region Planning Committee, we are pleased to welcome you to our annual conference. This year's theme is "Powering Up Political Will for TB Control." At this conference we will explore many different aspects of tuberculosis prevention and control, including the global impact of international standards, the implications and challenges of human resources, the effects of drug-resistant tuberculosis, new tools and technologies and some interesting jurisdictional aspects of tuberculosis prevention and control. We will be part of the STOP TB Canada meeting and join the Nurse's Assembly. This will be an exciting program that will bring us face to face with tuberculosis prevention and control activities from across the globe. We welcome you to Vancouver and the North American Region meeting. We hope you will find this conference an exciting and challenging experience.

Dr. Charles Wallace
Program Chair,
